There will be the same weight divisions as the individual competition for both male and female teams with a minimum of 3 and a maximum of 5 weight divisions used for points to advance. Example: if District A has a team of 6 boys and District B has only 5 boys. The team match would match the District A 5 boys vs. District B 5 boys (matching weight division).....this would give everyone the opportunity to compete in the team competition. The Provincial Technical will work with the draw master to ensure fairness.

An eight team draw sheet will be used and a single elimination format will be used to determine 1st, 2nd, and 3rd place. If there are less than four (4) teams entered each team will compete against the other team once. Medals will be provided for 1st, 2nd, and 3rd place.

Skills Competition (Day 3): This will be mandatory for all athletes entered in the individual competition. Each athlete will be required to complete the following four (4) techniques with a partner: 1. Ippon Seio-nage (one point shoulder throw) 2. O-uchi-gari (major Inner reaping throw) 3. Hari-goshi (sweeping hip throw) 4. O-soto-gari (major outer reaping throw). Each technique will be judged on three elements with a maximum of 10pts for doing 10 uchi-komi (repetition of attacking technique without completion), 10pts for doing 2 static throws, and 10pts for doing 2 moving throws. Three referees will independently judge each of the four techniques and award a score of between 30 for a perfect technique based on the three elements and 1 for not correctly completing any element of the technique. Each referee can award a maximum of 120 points to each competitor and the final score will be the total of all three referees and therefore be out of a possible 360 points. Ties will be broken by taking the highest score of the technique starting with number 1 and moving to technique 2 then 3 etc. If there is a tie after the score for all 4 techniques have been completed each individual will be asked to complete the techniques in order until the tie is broken. There will be three male divisions as follows -40, -50 and +50 and these will compete on one mat. There will be three female divisions as follows -40, -50 and +50 and these will compete simultaneously on the second mat. There will be a Gold, Silver and Bronze medal for each of the six divisions.
