

2022 SASKATCHEWAN WINTER GAMES

TECHNICAL PACKAGE

Technical packages are a critical part of the Saskatchewan Games. They guide the selection of athletes by prescribing the age and eligibility requirements, assist the organizing committee by detailing tournament formats and scoring procedures, assist the Districts and Provincial Sport Governing Bodies (PSGB) in verifying eligibility, help with budgeting by describing the number of participants permitted, advance coaching certification by stating minimum requirements and generally contribute to athlete development by identifying each PSGBs version of developing young amateur athletes.

Every Saskatchewan Games' coach, manager, host sport directors, District sport contacts and District sport councils has an obligation to read and understand every aspect of the Technical Package. Failure to do so could cost an athlete his or her eligibility for the Games and could affect final standings or the conduct of the competition. If someone does not understand an aspect of a Technical Package, he or she is to seek clarification from the Saskatchewan Games Council or the respective PSGB.

Technical Packages are developed primarily by PSGBs, following principles, guidelines and requirements of the Saskatchewan Games Council. As the overall governing body of the Games, the Council has the ultimate authority for Technical Packages, but this authority is exercised only with the knowledge and understanding of the PSGB concerned.

Changes initiated by the PSGB must be directed to the Saskatchewan Games Council for approval. The proposed changes must have solid rational for enhancing the sport technical requirements. Changes to age groups, eligibility requirements and team sizes or staff compliments after 18 months prior to the games will not be considered.

Saskatchewan Games Athlete Eligibility

1. The Saskatchewan Games shall be open to Saskatchewan residents who are Canadian citizens or who have landed immigrant status for a minimum period of one year prior to the Games.
2. Each District team shall be comprised of eligible athletes whose Saskatchewan domicile or actual residence for at least six months prior to the Games, was located within the recognized boundaries of the District they are representing. In the event an athlete moves from one District to another, less than six months prior to the start of the Games, a special request may be made to the Saskatchewan Games Council to determine eligibility.
3. Students enrolled and attending secondary or post-secondary school on a full-time basis outside their District residence may elect to compete in a District play down in either their home District or academic resident District, but not both.

Students attending a secondary school outside their home District must be enrolled in a minimum of 60% of the eligible credits to be considered a full-time student.

Students attending a post-secondary school outside their home District must be enrolled in a minimum of the equivalent 3 full time classes per year to be considered a full-time student.

4. First Nation athletes who reside and attend school in one District but are members of a First Nation Reserve in another District may elect to participate in either District, but not both. If they try out for one District and are not selected for that team, they are not permitted to try out for that sport in another District.
5. Athletes who have shared custody in a split marriage must participate in the District in which they currently attend school. If an athlete is transferring schools to live with the other parent or guardian in another District in the year of the Games, then the school that the athlete previously attended will be the District they participate in.
6. Athletes residing outside Saskatchewan:

Individual Sports:

Athletes residing at an address outside Saskatchewan are eligible to participate in the Saskatchewan Games if they meet the following conditions:

- They reside near the Saskatchewan boundary and attend school on a full-time basis in a recognized Saskatchewan education system;
- In the year of the Saskatchewan Games they must be a registered member of the appropriate Saskatchewan Provincial Sport Governing Body and shall not be a member of another province;
- They are eligible for membership with a PSGB in Saskatchewan.

Team Sports:

If a team has members from outside the Province of Saskatchewan, the team will be eligible if these criteria are met:

- The majority of the team resides in Saskatchewan or attends school on a full-time basis in a Saskatchewan based education system, and the others live within reasonable commuting distance;

- In the year of the Saskatchewan Games they must be a registered member of the appropriate Saskatchewan Provincial Sport Governing Body and shall not be a member of another province;
- They are eligible for membership with a PSGB in Saskatchewan.

7. District Team Eligibility

Sports using Club Team selection

When a team roster is comprised of athletes residing in different Districts, the following criteria will determine which District the team will represent:

- In the year of the Saskatchewan Games they must be a registered member of the appropriate Saskatchewan Sport Governing Body;
 - Where a team has members from two or more Saskatchewan Games Districts, and is registered in a recognized league, it shall compete in the District where the majority of the players reside. Teams in this position may have members living in adjacent Districts within reasonable commuting distance.
8. The Games shall be open only to amateur athletes recognized as such by the applicable PSGB.
 9. For each Games an athlete may participate in one sport only in each half, however an athlete may elect to try out for different sports in the District team selection process. Upon acceptance of selection to a District team in that half the athlete must remain with that team until the completion of the Games and is not eligible to try out for another sport.
 10. Coaches, managers and athletes may participate in more than one sport. However, they may only participate in one sport in each half of the Games.
 11. The age classification for participation in the Saskatchewan Games is based on the LTAD model for each sport. Recognizing the multi—sport environment that athletes are exposed to at the Games, each sport shall consider the maturity level of the athlete when establishing its age classification.
 12. Eligibility of athletes for the Saskatchewan Games program must be clearly identified by the PSGB in each respective sport technical package.
 13. Prior to the Games, the eligibility of any athlete not clearly established by these rules shall be determined by the Saskatchewan Games Council. During the Games the eligibility shall be determined by the Games Jury.
 14. Coaches, managers and athletes of the District team must stay in the athletes' village during the Games.

7.0 COMPETITION

- In the event bracket draws are used (9 teams in any one or both 4 person disciplines or 9 teams in Mixed Doubles), the same self seeding ranking method to determine the initial draw will be used with final medal and placement games built into the double knockout draw to determine medallists and all final team placings. The bracket draws and all scheduling can be found in the Competitors Guide.

Mixed Doubles – 2022 is the first year Mixed Doubles is included in the Sask Winter Games.

Pool A - 1st, 4th, 5th, 8th
Pool B - 2nd, 3rd, 6th, 7th

- Standings after the completion of the round robin in each pool will determine whether teams qualify for the Championship Round or Consolation Round.
- If ties occur, they will be broken by head to head first, then Skill Based Team Ranking (SBTR) if unsolvable by head to head play. The exception to this will be in the pool format of the Mixed Doubles event, where tiebreaker games will be played if necessary.
- Both the Championship Round and Consolation Round will be an A-B side draw to determine placing.
- The teams placing 1st and 2nd in each pool will advance to the Championship Round.

- The teams placing 3rd and 4th in each pool advance to the Consolation Round.
- All Games will be eight (8) ends in length.

Championship Event

Consolation Event

9.0 TIE BREAKING PROCEDURE

- Tiebreakers are not required in the bracket draw(s) if utilized.
- Teams that complete the round robin or round robin in each pool with identical win/loss records are considered tied.
- In Mixed Doubles pool play, teams tied for the 1st or 2nd position in the pool shall only be eliminated from advancing to the Championship Round or Gold Medal Game by playing a tiebreaker game(s). In 4 person team pool play, ties will be broken by head to head first followed by SBTR to determine final pool rankings (i.e., no tie-breaker games will be played).
- When teams are tied, their round robin win/loss record of those teams against each other shall be used to determine their ranking and therefore how the teams are positioned in each pool or the tie-breaking process. When the ranking of teams cannot be determined by comparing round robin win/loss records against the teams involved in the tie (i.e., 3-way unsolvable tie), the ranking shall be determined by the implementation of the skill based team ranking process (SBTR).
- For Mixed Doubles pool competition, tie-breaking games will only be utilised to determine 1st and 2nd positioning in each pool if positioning is not determined by win/loss record. The skill based team ranking process will be utilised to determine 3rd to 5th positioning in each pool if unsolvable ties occur (i.e., no tie-breaker games).

Skill Based Team Ranking Process (SBTR)

- The SBTR will be the average distance of a team's pre-game LSD shots for all round robin pool games.
- The SBTRS may be used to rank teams for the playoff round and any tiebreakers and rock selection. The lowest average distance shall receive the highest ranking and so on until ranking is completed.
